full details of construction and descriptive pamphlets hould be furnished along with the tender.

1. The shutter should be formed of the interlocking steel plates rolled from steel strips of adequate size. Necessary fixtures to be provided at ends to resist wear and tear while moving in the guides.

2. Necessary auxiliary parts such as barrels, brackets, gearing hoods and guides, operating chains, etc., have to be manufactured from the tested steel according to the latest modern practices of construction and each part must function quite smoothly and efficiently.

3. The operation of shutter, that is lowering and lifting should be as simple as possible through spur and chain gearing with ball bearings the hand chain extending within 18" from the ground level. Necessary arrangements should be provided for operation on either side of the doorway.

4. Standard types of wicket doors, preferably hinged type with latches and keys, have to be provided for.

5. All parts of the shutter should be given with two coats of anti-corrosive paint of good quality before despatch after being packed nicely.

6. Adequate quantities of bolts and nuts and such other fixing bolts and nuts should be supplied along with six copies of each of the detailed erection drawings and such other illustration and descriptive pamphlets as are necessary for easy erection and maintenance.

7. The firm should furnish guarantee and the shutter should be guaranteed from imperfection in workmanship and material without limit as to time and the Supplier shall replace free of charge any part which fails or proves faulty by reason of imperfect defects of designs, workmanship or material within one year after it is regularly put into service. They should specify the gauge of the plates used. Preference will be given to thicker type of shutter. They should guarantee that the shutter after erection will not buckle due to heavy winds.

8. If the shutter is imported, tenders must be on the basis of delivery boxed for foreign shipment f.o.b. Manufacturers' home port—the name of which must be stated together with the then ruling freight and insurance rates thence to the Indian port Marmugoa or Madras. The tenders must be accompanied by specifications, illustrations and drawings in sufficient detail to determine the features of the equipment.

Tenders for supplies from inland stocks should be on the basis of *C.I.F. Nanjangud* and the quotation should be firm for a period of two months from the due date of the tender. The rate should be quoted both in figures as well as in words. The earliest period within which delivery would be effected may be specified in the tender.

No enhancement of rate for whatever causes will be allowed when once the quotation is accepted and order is placed. Withdrawal from the quotation after it is accepted or failure to make supplies within the scheduld period will entail cancellation of the order and forfeiture of the earnest money, if any. The successful tenderer should if so required by us deposit a sum equal to 5 per cent of the value of the order in accordance with the terms and period of delivery specified in the order.

The Chief Electrical Engineer does not bind himself to accept the lowest or any tender, but reserves to himself the right to accept or reject any tender at his discretion.

Supply on our order will be subject to the general conditions of contract prevailing in the department for local purchases.

The tenders should be superscribed as "Tender for a Steel Rolling Shutter for the New Receiving Station at Nanjangud to be opened on Monday the 1st September 1952."

## CHITALDRUG DIVISION.

Notification dated 8th July 1952.

Sealed tenders will be received at the Office of the Executive Engineer, Chitaldrug Division, up to 4 P.M. on 18th August 1952, for the following works.

| Taluk | Name of work | Amount of estimate | Earnest money amount |
|---|---|---|---|
| Chital-Drug. | Construction of building for the N.E.M.S. at Siddapura, Chitaldrug Taluk. | 9,800 | 490 |
| Chella-kere. | Construction of a town hall at Naikanhatti. | 14,000 | 700 |

Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Chitaldrug Division, should be addressed to the Executive Engineer, Chitaldrug Division, in a sealed cover and superscribed as "Tender for (Mention name of work)..... The name of the tenderer should also be noted on the top of the cover.

Each tender must be accompanied by a treasury chellan for having deposited the required amount as noted against each work as earnest money, under "S. Remittance to P.W.D.". No cheque will be accepted for earnest money. Requisitions for adjustments of any dues from the Government to the contractors for earnest money will not be entertained.

The final acceptance of the tender will rest with, either with the Executive Engineer or Superintending Engineer or Chief Engineer, as the case may be, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any.

The successful tenderer should execute a contract agreement within a fortnight from the date of communication of approval to him.

The earnest money of the rejected tenderers will be refunded, on applications, only after any of the tender is received approved or two months, after the receipt of tender, if the tender of the successful contractor has not been received approved.

Copies of estimates and plans can be seen in the Office of the Executive Engineer, Chitaldrug Division, on all working days between 11 A.M. and 5 P.M.

Specific rates should be quoted both in figures and words for each individual items of works. Tenders offering percentage reduction or increase will be rejected.

For all lumpsum items, only the minimum schedule of rates or data *plus* 10 per cent will be given if the rates do not appear in the schedule of rates.

All over-writings and corrections while submitting the tenders should be attested by the tenderer.

The quantities given in the estimate are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions, and additions at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher, or lower than those given in the estimate.

The contract should not be sublet.

The contractor should make his own arrangements for transportation of materials.

Only Chamundi brand cement must be used for the construction.

The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

The contractor should arrange for the payment of royalty, tolls and sales-tax.

3031

Notification dated 21st July 1952.

Sealed tenders will be received at the Office of the Executive Engineer, Chitaldrug Division, up to 4 P.M. on 29th August 1952, for the construction of Middle School at Hariyabbe, Hiriyur taluk (balance work).

The estimate amounts to Rs. 9971. Each tender must be accompanied by a treasury chellan for Rs. 495 credited into the Treasury under "S" Remittances P.W.D. as earnest money. The earnest money of the successful contractor will be retained as security deposit for the fulfilment of the contract.

The work must be completed by the end of the official year 1952–53, and the intending contractor will quote rates should obtain details as to the terms of the tender and get from the Division Office Chitaldrug and copies of contract schedule and quantities may be seen at any time on all working days between 11 A.M. and 5 P.M.

Specific rates should be given for each item in the schedule accompanying the tender and the rates should be both in figures and words. Tender offering percentage excess or reduction on the estimate amount will be rejected.

The rates quoted with condition subject to fluctuation, will not be accepted. The agreement should be executed before starting the work after issue of the order. The final acceptance of the tender will rest with the Superintending Engineer or the Chief Engineer (as the case may be) who does not bind himself to accept the lowest or any tender and assign any reason whatsoever for the rejection of any

B. N. SRIHARSHAN,
*Ex. Engr. in charge*

3391

## DAVANGERE DIVISION, CHITALDRUG.

Notification dated 30th July 1952.

Sealed tenders in the prescribed form obtainable in the Office of the undersigned on payment of Re. 0-4-0 per form will be received at the Office of the Executive Engineer Davangere Division, Chitaldrug, up to 4 P.M. on 25th August 1952 for constructing an R.C.C. Tank 50,000 gallons capacity at Harihar Town.

Each tender must be accompanied by a Treasury chellan for Rs. 1,250. (One thousand two hundred and fifty credited to the treasury under P.W. Remittance in cash as earnest money. The earnest money of the successful contractor will be retained as security except for the fulfilment of the contract.

The work must be completed by the end of eight months after the tender is accepted and the monthly progress should not be less than Rs. 3,000. Whenever stipulated progress is not achieved or work is stopped without proper grounds penalty at 2½ per cent per month on the cost of the works remaining to be done will be levied on the contractor. In the event of failure to fulfil the contract, finding up a fresh agency by cancelling the defaulter is left to the discretion of the Executive Engineer, Davangere Division, Chitaldrug. Intending contractors wishing to quote should obtain details as to the terms of the quotation, etc., from Executive Enginer, Davangere Division, Chitaldrug copies of contract schedules and quantities may be seen any time on *all* working days between 11 A.M. and (on Saturdays from 8 A.M. to 12 NOON).
